A Customised Digital Space to Foster Circular Economy Entrepreneurship with SMEs

Welcome to the sixth newsletter of the Erasmus+ Project: A customised Digital Space to Foster Circular Economy Entrepreneurship with SMEs, acronym DISCERN. As the project nears completion, all of its results are now accessible on the project's website. In this edition, we aim to acquaint you with the third project outcome—the CE Coach.

CE Coach

Discover the future of Circular Economy training with the DISCERN CE Coach. The CE Coach is a digital training resource in the form of an m- Learning platform. It provides learners with a set of recommended training resources matching their customized learning path recommended by our result R2, the SME CE Skills & Readiness Verification Tool. Our innovative platform offers a tailored learning experience for SMEs and startups, featuring AR-enhanced case studies, visually rich module presentations, and SCORM-compliant content. Customized learning paths ensure that each business receives targeted resources, empowering them to implement Circular Economy Principles effectively.

MULTIPLIER EVENTS

The partner organizations involved in the DISCERN project are actively engaged in coordinating the final Multiplier Events and disseminating the project's activities and results.

DISCERN 4th Transnational Meeting

On the 12 & 13 of December 2023, took place in Bistrița, Romania, the fourth and last transnational meeting. The meeting was an opportunity to share the feedback received during the Multiplier Events already organised and discuss the plan for the sustainability of the project outputs.
