

SUBSTANCE OF CIRCULAR ECONOMY CONCEPT AS EFFICACIOUS DETERMINANT FOR THE DEVELOPMENT OF SUCCESSFUL ENTREPRENEURSHIP

PROJECT NUMBER: 2020-1-ES01-KA202-083137

PROJECT DEVELOPMENT

As the tangible outcomes of the project "**SEEDS: Substance of circular Economy concept as Efficacious Determinant for the development of succesful entrepreneurship**" - SEEDS m-learning solution for startappers and SEEDS Recognition and validation OER - are now ready and available in English, the next steps for partners is to organise the external piloting of the m-learning solution and of the Open Education Resources among representatives of the target groups.

The external piloting of the two Intellectual Outputs of the project must be organised by each organisation partner in the SEEDS project from April to August 2022, with 40 startappers from each partner network (240 people in total).

Co-funded by the
Erasmus+ Programme
of the European Union

Project Number: 2020-1-ES01-KA202-083137

PILOT ACTIVITIES

On 3rd of April 2022, Quarter Mediation organised in Assen, the Netherlands, the first Pilot activity for the SEEDS project, with the participation of 20 people from the project target group. The main aim of the pilot event was to validate the "SEEDS m-learning solution for start uppers consisting of six modules" and the "SEEDS Recognition and validation OER".

The feedback received from the participants at the end of the pilot activity was excellent and it was a clear confirmation of the validity and usefulness of the mLearning solutions and of the final version of the modules in English. By taking part in this pilot activity, the participants have increased their awareness on validation with the use of the guide and had also validated their own skills and competences against "A sense of initiative and responsible entrepreneurship" competence with the use of the new created tools.

PROJECT MEETINGS

On 6th of May 2022, BEST organised in Vienna, Austria, a hybrid transnational project meeting. The meeting was an opportunity for partners to discuss the progress of the project. As all the project outcomes are now available in English and after peer review they will be also translated in partners' languages and uploaded on the SEEDS online platform, during the meeting the representatives of the organisations partners in the SEEDS project agreed on the next steps for the succesful completion of the project.

The next transnational project meetings are planned to be organised in Italy, on 29th and 30th of September, and in The Netherlands, on 24th and 25th of November 2022.
